

Speedboard Assembly Services Ltd considers protecting the environment equal to other management functions and it is the policy of the company to implement the duties placed upon it under the Environmental Protection Act 1990 and other statutory provisions applicable to the environment.

Speedboard, while conducting its activities will ensure that its employees, agents and subcontractors take action to:

- Minimise pollution to air, land and water.
- Reduce waste and encourage recycling.
- Use only licensed waste management sites for disposal purposes.
- Conserve energy.
- Inform all employees on matters relevant to the environment.
- Ensure that all chemicals / substances are stored safely.
- Ensure that no substances are discharged to any verge, hedgerow, water body or other habitat.

Employees at all levels have a duty to:

- Work in a safe and efficient manner with regard not only to their own safety but also to that of others and the environment, which otherwise may be affected by their acts or omissions.
- Set a personal example by disposing of litter in the appropriate place.
- Assist the company to comply with the relevant statutory provisions for a healthier environment.

Although not accredited to ISO14001 we work towards achieving its objectives.
